ND GARDLINER® PVC 45 Edge Retaining System

ND GARDLINER® PVC 45

GARDLINER® PVC 45 is an edge retaining system with a height of 45 mm made of hardwearing plastic, delivered in sets of 20 m and form a permanent border between planted areas, binding gravel and fully paved areas.

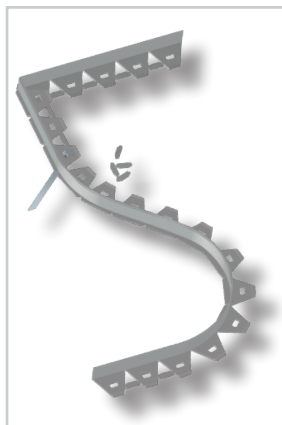

The GARDLINER® PVC 45 Edge Retaining Systems is equipped with removable noggins that allow the profiles to be installed flexibly, enabling you to create straight lines as well as flowing curves quickly and easily. The profiles can be fixed invisibly in the ground using the supplied steel stakes. It can also be installed on green roofs, in which case no steel stakes are required.

Applications

- Concrete blocks 50 - 80 mm
- Clay bricks 35 - 52 mm
- Clay bricks 52 - 80 mm
- Concrete bricks 45 - 60
- Natural stone flags 35 - 60 mm
- Ponds and water features up to 100 mm depth
- Green roofs (without steel stakes)

Properties

- Material: polyvinyl chloride (PVC)
- Color: grey
- Including steel stakes (40 pieces); don't use steel stakes when placing on a green roof
